Occluding catheter for treating cerebral arteries.

② An occlusion catheter for use during therapeutic intervention of a blood vessel for flushing away debris indluding an elongated guide catheter (20) sized to be introduced into the blood vessel, an occlusion balloon (12) located at or near the distal end of the catheter and an inflation lumen (18) integral with the

guide catheter and communicating with the interior of the balloon enabling the balloon to be inflated to form a seal between the balloon and the blood vessel wall. The balloon is capable of being expanded to at least 5 times its deflated diameter when inflated.

TO THE PROPERTY OF

	CL	AIMS INCURRING FEES				
The present European patent application comprised at the time of filling more than ten claims.						
All claims fees have been paid within the prescribed time limit. The present European search report has been						
		drawn up for all claims.				
٢	$\Box$	Only part of the claims fees have been paid within the prescribed time limit. The present European search				
	_	report has been drawn up for the first ten claims and for those claims for which claims fees have been paid.				
		namely claims:				
		No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.	~.			
_						
× LACK OF UNITY OF INVENTION						
The Search Division considers that the present European patent application does not comply with the requirement of unity of invention and relates to several inventions or groups of inventions,						
пали	ely:					
1	. c	laims 1-3: Occlusion balloon catheter.				
2. Claims 4,5: Catheter package.						
3	, C	laim 6: Double balloon catheter.	i			
	×	All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.				
		Only part of the further search fees have been paid within the fixed time limit. The present European search				
		report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid.				
		namely claims:				
		None of the further search fees has been paid within the fixed time limit. The present European search report				
	_	has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims.				
		namely claims:
